Head's Message

We are already more than half way through this half term and children are working particularly hard towards their end of year assessments. The summer term is flying by, and teachers are also working extra hard, with a great deal of professional development and training taking place.

It's been an exciting week for all, and the election process has particularly inspired our Year 2 and Year 3 children, who have been analysing and debating in the run up, and using the data within their maths meetings. What a huge learning opportunity it's been.

Next week we have some new arrivals; our chicks will be appearing in Reception class and all year groups will have the chance to see them hatch. Have a great weekend everyone!
