Head's Message

This term kicked off with another exciting beginning with Wonder Day 4! Find out about some of the highlights from this term's wonder day in this week's message:

Year 5 made volcanoes. They look fantastic and a lot of effort went into making them as photo realistic as possible. Not only have the Year 5's had fun thinking and learning about volcanoes they also joined Year 6 for a much more serious conversation about earthquakes and the impact that they can have on communities. They were divided into different governments and organisations to decide appropriate action to combat the current crisis.

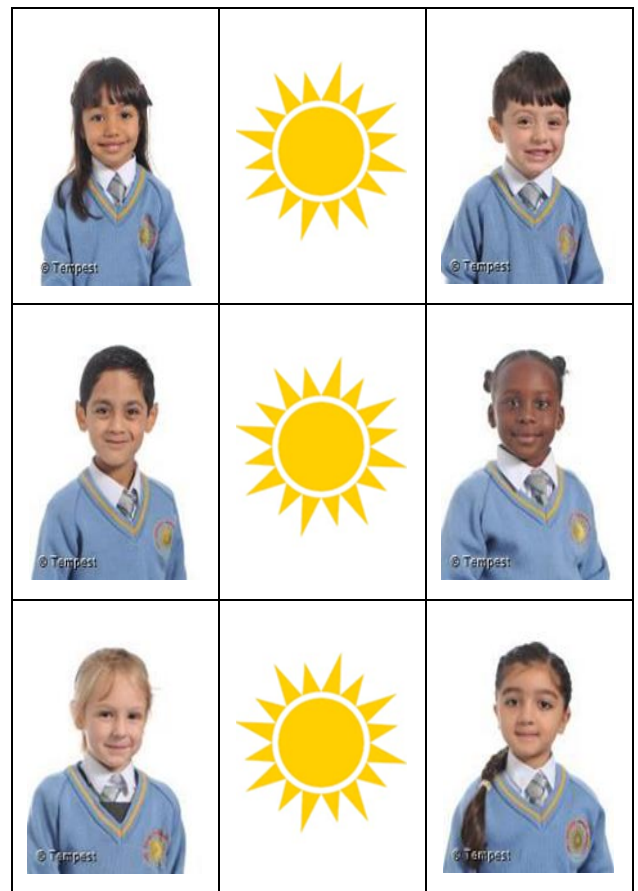

Year 3's day was *fantastico*, as they took inspiration from the European country of Italy. They wrote and practised Italian phrases before then making their very own pasta!

It also looks like Y1 have been having a wonder week with their amazing swimming efforts! They have gone swimming every day this week and have been trying so hard to improve, keep it up Ali class. Reception was wild... They were all replaced by animals including a visiting tortoise, take a look!

Stars of the Week

For showing our school value of **Respect**, this week our stars of the week are:

This week the attendance figures are:

1 st	Earhart	97.67%
2 nd	Farah	95.33%
3 rd	Angelou	95.33%
4 th	Nightingale	94.67%
5 th	Ali	93.67%
6 th	Obama	93.57%
7 th	Attenborough	87.00%

Dates for your Diary

Friday 10th March – Y5 Class assembly

Friday 10th March – Conway celebrating World Book Day

Monday 13th -Friday 17th March – STEM week

Friday 20th March – Year 2 class assembly

Parent Teacher Forum updates:

Mike Wyer has decided to step down as co-chair of the PTF. I would personally like to thank Mike for all his hard work getting events running back at Conway as would the rest of the PTF.

Celebration Assemblies

Please join us at 8:35am for our celebration assembly. ***Parents from all year groups are welcome each week.*

Composer of the Term

Our composer for next half term is:

C418

Home Learning

Please share all completed home learning work on Seesaw. You can find more information about Seesaw by following this link: **Seesaw home learning**.

Reception: This week, we have been learning about where we live and the places we have been. Speak to the adults at home about the places you have been and the animals you have experienced. Look at photographs of these experiences or find pictures of the animals and places on the internet. Please share these on Seesaw so that we can add them to our classroom display!

Year 1: Madison really wants to go to space one day but doesn't know what it would be like to live there. Could you research what it is like to live in space?

Year 2: This week we made a wormery! Can you find out about a different animals habitat? You could do some research or see if you can find any outside. Present your work in any way you like.

Year 3: We have been exploring a number of fairy tales by The Brothers Grimm this week and talking about how these stories are known around the world. What can you tell me about these brothers and their stories? How widely read are they? Present your findings in a way that can be used in our upcoming exhibition!

Year 4: What is lifelike as a child in the Yanomami tribe? How is this similar or different to life as a child living in London?

Year 5: In science we have been learning about separating mixtures. For your home learning, either research different ways to separate mixtures or make your own mixture with solids and liquids (ie. water, stones, dry rice) and try to separate it back into its parts!

Year 6: We are about to move into the World War 2 Phase of our topic on Conflict and Resolution. What do you know about life in Britain during this time? Present your findings however you wish!

Social Media
