

### Literacy

This term in Literacy we will be using Fairy Tales by the Brother's Grimm to inspire our own writing. We will be analysing the similarities and differences between a range of fairy tales before writing our own.

### Art and Design

This term the children will continue to learn about still life drawing and the work of Paul Cezanne. We will be using various techniques in both pencil and pastel and consider different still life arrangements before creating a final still life piece.

### Science

This unit is designed to expand pupils' knowledge of light sources, the concept of night and day, the reflective properties of different materials, how shadows are formed and the role of the famous inventor, Thomas Edison

### Geography

This term we will be building on our knowledge from last term about Europe, using Italy as a case study. We will learn about the different human and natural characteristics of the country and compare different regions. We will end by writing essays about which region of Italy we would most like to visit and why.

### Home Learning

Earhart class will all have received a discovery box which contains a wide variety of activities for the children to complete. They will also be set research to complete each week in a way of their choice.

In addition, they will receive a spelling list on Friday to be tested the following Friday.

Children also are expected to read at home every day.

### Reading

In reading we will study each chapter of 'The Queen's Nose' by Dick King Smith and use the text to help us learn new vocabulary. We will also learn how to answer literal and inferential questions about the text; sequence and summarise the story and use the R.A.C.E strategy to answer a weekly big question in an essay format.

**This term we are asking:**  
What is significant about Europe?  
Where in the continent would you most like to visit and why?

### Sports, Health and Fitness

**Sport:** We will be practising a variety of skills to improve agility, balance and coordination.

**Health:** We will learn about the parts of the body involved in protection and healing and examining how our body changes.

**Fitness:** We will be doing aerobics!

### Mathematics Mastery

This term we will be focussing on the following topics:

#### Time

- Tell, record, write and order the time analogue and digital
- 12-hour, a.m., p.m.
- Measure, calculate and compare durations

#### Fractions

- Part-whole relationships
- Fractions as part of a whole or a whole set and as a number
- Add, subtract, compare and order fractions

### French – We will learn:

We will continue to build on the vocabulary and grammar knowledge that we developed last term. This will include:

- Using the conjunction *ou* (or)
- Answering and asking questions using *C'est + noun* and *ou*
- Numbers
- Paris landmarks

### Computing

This term we will be continuing our learning about Online Safety. This will include:

- Learning about game ratings, how and why they are given to certain games
- Rules around keeping passwords private
- Advice for researching online and how to evaluate how reliable information is.
- Things to consider when posting or blogging online.
